365 DAYS OF GETTING ON WITH IT
365 days ago, the Victorian people gave us the greatest privilege of all: the rare chance to make a real difference in the lives of Victorian families. And we haven’t wasted a single day.

From our first day in office when we declared an end to the war on paramedics, to now with our plans underway to fix the ambulance crisis and save more lives – I said we’d stick to our word and we have.

It’s been a long year but we’ve worked our hardest. Medicinal cannabis is coming, adoption equality is coming, and so is Melbourne Metro Rail – the most important public transport project in the country, bar none.

We’re saving TAFE, we saved the wind industry, and we saved the High Country, too.

We cleaned up the East West mess and we’re getting rid of the level crossings which hold up cars, slow down trains and take people’s lives.

Regional industries are growing, the animal cruelty industry is shrinking and the number one law and order issue in the nation – family violence – is facing the most powerful inquiry in Australia’s history.

We’ve tried to do a lot of good.

Our record funding for Victorian schools has given our kids a real chance to learn and achieve and grow, and most importantly, build a great life for themselves.

And I think our efforts to rebuild our broken health system will give so many of our loved ones the peace of mind they deserve – when they need it most.

There’s a lot more work to do just yet.

And we’re getting on with it.

Because we’re a government that puts people first.

The Hon. Daniel Andrews MP
Premier
365 COMMITMENTS IN 365 DAYS

- **REMOVING 50 LEVEL CROSSINGS**
  We're removing 50 of the most dangerous and congested level crossings that hold up cars, slow down trains and take people's lives.

- **ENDED THE WAR ON PARAMEDICS**
  On day one, we declared an end to the war on our hardworking paramedics. They look after our loved ones and they deserve the Government’s full support.

- **MELBOURNE METRO RAIL**
  $4.5 billion to get started on the biggest transport project in Australia – the biggest overhaul to our system since the City Loop.

- **LEGALISING MEDICINAL CANNABIS**
  Parents shouldn’t have to choose between helping their children and breaking the law. Medicinal cannabis will make a real difference in the lives of so many families.

- **TAFE RESCUE FUND**
  Cuts almost destroyed our TAFE system. Today, our $320 million TAFE Rescue Fund is already flowing, saving campuses across the state.

- **ESTABLISHED A ROYAL COMMISSION INTO FAMILY VIOLENCE**
  This is Australia’s number one law and order issue, and Australia’s first Royal Commission into Family Violence will give us the answers we need to ensure a safer future for Victorian families.

- **DELIVERED**

- **UNDERWAY**
BUDGET SURPLUS

Our government will continue to maintain a budget operating surplus of at least $100 million, because responsible financial management matters.

CRACKED DOWN ON PUPPY FARMS

We cracked down on puppy farms and introduced tough new measures to support animal welfare, because puppies belong in a family, not a factory.

NO JAB, NO PLAY

Children will be fully immunised before their parents can enrol them in childcare or kinder, because the health of our next generation matters more than anything.

REGIONAL JOBS FUND

Our $200 million Regional Jobs Fund will grow the regional economy and invest in some of our fastest-growing industries – including food and fibre and new energy.

ACTION ON THE ICE CRISIS

We delivered our $45 million Ice Action Plan within the first 100 days of forming Government, taking action on a crisis that’s devastating families.

EUREKA STADIUM UPGRADE

We have a $31.5 million plan to overhaul the Eureka Precinct and make the ground AFL ready.

EDUCATION STATE FUNDING

We’ve delivered $747 million in new funding to meet the needs of kids in every government school.

ENDED HIV DISCRIMINATION IN THE CRIMES ACT

Section 19A of the Crimes Act 1958 was Australia’s only HIV-specific law which discriminated against people living with the disease. We repealed it.

IMPROVE THE SAFETY OF MMA

We lifted the ban on safety enclosures for Mixed Martial Arts. This allowed the first UFC event at Etihad Stadium in November, which was the most-attended match in the sport’s history.

EASTER SUNDAY PUBLIC HOLIDAY

We made Easter Sunday a public holiday, so people who have to spend this special day at work are fairly compensated.

LEASE THE PORT OF MELBOURNE

We’re getting on with securing the long-term lease of the Port of Melbourne. Funds received will go towards the transport projects our state needs to grow.

FAIR COUNCIL RATES

We are capping council rate rises to discourage wasteful council spending and reduce the burden on local businesses and families.

DELIVERED

UNDERWAY
The $200 million Joan Kirner Women’s and Children’s Hospital in Sunshine will boost care and services for families in the fastest-growing area in Australia.

We are giving locals a real say in local planning decisions. Now, the number of objectors to proposed developments must be taken into account by VCAT.

The West Gate Distributor project or Western Distributor proposals will take thousands of trucks off the West Gate Bridge.

Some of our most disadvantaged schools are Catholic and independent. Our $120 million plan to rebuild school buildings and facilities will make sure no child misses out.

We’re fixing the local roads that people use every day, including this $175 million plan to duplicate this busy road in one of Melbourne’s fastest growing areas.

Police shouldn’t have to babysit prisoners in the local lock-up. Our $149 million plan to recruit 400 Police Custody Officers will release police back onto the frontline.

GRAND FINAL FRIDAY
The Friday before the AFL Grand Final is now a public holiday in Victoria. It was a huge success with record crowds attending the parade.

CREATIVE VICTORIA
Victoria is the creative capital, and we established Creative Victoria to support our film, arts, design and music sectors to create more jobs.

BANNED CATTLE GRAZING IN THE HIGH COUNTRY
Cattle are out of the high country. The Alpine and Red Gum National Parks are international heritage icons and they must be protected.

RELEASED AMBULANCE DATA
Hiding response times doesn’t save lives. Victorians deserve to know the state of their ambulance branch, and that’s why we released the data.

BREAKFAST CLUBS
No child should miss out on the most important meal of the day. Our $13.5 million plan will provide breakfast for 25,000 children across Victoria.

COAL SEAM GAS
We have maintained the moratorium on hydraulic fracturing while an important Parliamentary Inquiry examines all the evidence.
MORE KINDERS

Our $50 million plan to upgrade and build kindergartens across Victoria will keep kids safe, give parents more choice and help hard-working staff do more.

24 HOUR PUBLIC TRANSPORT ON WEEKENDS

The new Night Network will start on 1 January 2016: all night trains, trams and buses on weekends, to get you home safe.

SIMONDS STADIUM UPGRADE

Provide $70 million for Simonds Stadium, increasing the capacity to 36,000 and creating hundreds of jobs.

ADOPTION EQUALITY

The only thing that matters in any family is love. That’s why we’re changing adoption laws to ensure equality for all loving parents, regardless of sexuality.

GREATER RECOGNITION OF VICTORIA’S TRADITIONAL OWNERS

Working with Parliament to ensure the Aboriginal Flag is permanently flown, as well as introducing the Aboriginal Heritage Amendment Bill to provide Traditional Owners a greater say.

WIDENING THE TULLAMARINE FREEWAY

When completed, there will be six lanes of freeway to and from our gateway in Tullamarine to the very heart of the city.

POLITICS OUT OF MAJOR PROJECTS

We created Infrastructure Victoria for an independent source of advice on our infrastructure needs, because we need to take the short-term politics out of long-term planning.

SAVED THE WIND INDUSTRY

We abolished the restrictive rules against wind farm projects, which would have cost Victoria thousands of jobs in a huge, fast-growing industry.

DELIVERED

A FUND FOR NEW ENERGY JOBS

Our New Energy Jobs Fund will turbocharge investment in renewables, help preserve our environment, reduce bills and create new jobs.

UNDERWAY

GENDER AND SEXUALITY COMMISSIONER

We established a powerful voice within the Department of Premier and Cabinet to address discrimination for LGBTI Victorians.

NEW SCHOOL BUILDINGS

We’re investing a record $510 million to upgrade and rebuild government schools, because kids deserve to learn in comfort and safety.

BENDIGO STADIUM UPGRADE

Our upgrade will build 3000 permanent seats for major events and 15 new courts for basketball, volleyball and netball.
ENDING THE AMBULANCE CRISIS

We’re working with paramedics, not against them, to reduce ambulance response times and fix the broken system.

MORE CFA TRUCKS

We’re providing the CFA with 70 new fire trucks featuring the latest safety equipment and fire-fighting technology, to keep everyone safe.

LEGISLATED NURSE-TO-PATIENT RATIOS

In an Australian first, we enshrined minimum nurse and midwife-to-patient ratios in law. Nurses said this will help them look after our loved ones, and we listened.

CHANGE THE TRANSPORT ACCIDENT ACT

Families of people who die – or who are severely injured – in transport accidents will have the right to seek compensation for mental injury.

STOPPED EAST WEST LINK

The East West Link would have been a financial disaster. We said we would stop it and we did. Now we’re supporting the transport projects our state really needs.

WHOOPING COUGH VACCINE

The whooping cough vaccine for parents and carers of newborns is back. We can’t take any risks with the health of our youngest ones.

BED RESCUE FUND

We invested $200 million to open hospital beds and theatres, so more people can get the treatment they need.

REGIONAL INFRASTRUCTURE FUND

Our $250 million Regional Infrastructure Fund will invest in job-creating projects to make our regional cities and communities even more liveable.

SAVED LILYDALE TAFE

We promised to re-open the Lilydale campus site for TAFE and higher education – and we delivered. Kids in the outer-east should be able to get the skills they want close to home.
